Find the Easter Eggs and record the missing letters here!

- 1 To keep every bunny healthy and strong, this shop helps you hop along all day long. Vitamins, herbs and natural things, seek your next clue where well-being springs.

- 2 If you're off exploring like bunnies do, you'll need warm coats and strong boots too. Find this shop of adventure gear - your hidden egg is waiting near.

- 3 I'm a shop that gives old things new life, helping people through struggle and strife. You'll find bargains galore and kindness nonstop - your next clue is waiting at this caring shop.

- 4 A safe little place where pennies sleep tight, protected all day and all through the night. But today it's not money you're looking for - your next clue is waiting just inside the door.

- 5 End with a treat where warm smiles meet, a cosy spot for a drink and a seat. Spring flowers bloom and good friends stop by - your next Easter egg is at a café where good times fly.

- 6 Colours of spring in patterns so bright, soft cotton, warm fleece, ribbons of light. Where fabrics bloom like flowers in May, your Easter surprise is tucked away.

- 7 Look for a place where treasures are shared, where kind hearts give and kind hearts care. Pre-loved goodies sit quietly inside - your springtime clue has found a place to hide.

- 8 Hop along, little bunny, follow the sweet smell, where warm breads rise and soft cakes dwell. Your next egg waits where fresh bakes are new, and sugary treats are made just for you.
